

DEP to Hold Workshop on the Protection of the Niantic River and its Tributaries

The State Department of Environmental Protection (DEP) will hold a public workshop on Wednesday, May 31st to discuss a planning effort focusing on the management and protection of the water quality and aquatic habitats of the Niantic River Watershed.

The workshop will take place at the Connecticut Army National Guard's Camp Rell in East Lyme within the Nett Hall. The program will start at 7 p.m.

The workshop will focus on:

- GIS analysis,
- water quality modeling,
- preliminary management plan recommendations

For more information about the Niantic River Watershed Protection Plan and this workshop, please feel free to contact Mary-Beth Hart of DEP at 860-424-3034. Interested parties may also visit the project web site online at:
